BLUESTONE FINISHES

BLUESTONE Natural Cleft Finish

BLUESTONE Sawn Thermal Finish

Tumbled BLUESTONE

BLUESTONE Karney® Pattern Green

BLUESTONE Karney® Pattern Mustard

BASIC SURFACE FINISHES: NATURAL CLEFT & SAWN THERMAL.

Natural Cleft is slightly rough, Sawn Thermal is smooth but not slippery. Natural Cleft is split along natural fault lines and the result is a slightly rough texture with distinct raised and sunken areas. Sawn thermal is sawn and then heat treated for a smooth finish with no raised or sunken areas.
